ARTISTIC CREATIVE RESEARCH GRANTS COMPETITION

Guidelines

Description of Program:

Although open to all members of faculty, *this program will be of interest primarily to applicants from such areas as the School of Fine Arts, the School of Music, and from the Theatre/Drama Specialization of the Department of English, and would cover projects that would not qualify for funding from the Social Sciences and Humanities Research Council of Canada.* It is intended that in so far as is possible, these grants will be used to initiate projects which will be ongoing beyond the period of the initial grant through funding gained from extramural agencies.

This funding program provides assistance to a **maximum** of \$2,500 towards artistic/creative initiatives.

Eligibility Criteria:

Preference will be given to projects which have not previously received funding under this program.

Eligibility of Applicants:

- All persons with academic tenure, probationary appointments, and persons on sabbatical leave are eligible. Term contracts other than those on a per course basis are eligible as long as the applicant maintains their affiliation with Memorial University for the duration of the grant period.
- Persons on leave without pay from the university for academic reasons must demonstrate that they have no access to research funds in order to be eligible.
- Persons on leave without pay from the university for non-academic reasons.
- Adjunct Professors, Honorary Research Professors and Professors Emeritus are not eligible.

Eligibility of expenses:

Eligible expenses are subject to normal University policies and procedures for the administration of research funds. Some examples of eligible expenses include:

- a) Partial costs (maximum 50%) associated with invited performances and presentation/recitals at Canadian or international events or conferences in order to present new works by faculty members or associates.
- b) Costs associated with the creation or development of artistic/creative works including video and audio recordings.
- c) The incorporation of new technology into the creative process.
- d) Research in the development of techniques and methods in the creative process (although the SSHRC/VP Research Grant program may be a more appropriate vehicle for this).

Term of Award:

- 18 months from the date on the letter of notification of award.

Note: RGCS cannot proceed with the establishment of a research grant account until such time as documentation has been provided by the Principal Applicant to RGCS outlining research clearance requirements for the awarded project.

- No timeframe extensions will be entertained.
- Residual funds remaining at the end of the term of the award will be returned to the source account.
