

## **PROGRAM GUIDELINES**

### **SSHRC Explore Grant**

**RIS DEADLINES: FEBRUARY 10 & SEPTEMBER 15, 5:00 P.M.**

To ensure fairness in what is becoming a very competitive environment for research grants, completed full applications packages must be received by Research Initiatives & Services (RIS) by 5:00 p.m. If the deadline falls during a weekend or University closure day, the deadline shall be the first working day following the deadline. **Note: Please consult with your academic unit as they may set their own unit deadlines prior to the competition deadline noted above.**

The fund provides assistance to a maximum of \$7,000.00 towards short-term (normally 12-18 months) research projects undertaken by faculty members in disciplines supported by SSHRC.

The committee welcomes applications for partial support (under \$7,000.00) of projects for which a more comprehensive application is simultaneously made to SSHRC or another external agency.

Requests from new faculty are encouraged, although requests from established faculty researchers for funding to initiate new avenues of research will be considered. In so far as is possible, these grants will be used to initiate projects which will be ongoing beyond the period of the initial grant, through funding secured from external agencies. SSHRC expects that all research training will incorporate appropriate dimensions of the [Guidelines for Effective Research Training](#).

#### **AWARD CONDITIONS**

Except in the case of grants requesting funds to investigate new avenues of research (seed funding), in order for an application to be considered in the internal research grants competition, applicants must list external agencies to which application has been/is being made for funding to support this project.

Under this program, a faculty member can receive only one grant per three academic years. Collaborative applications which include someone having received an individual grant in the last three years will not, however, be excluded from consideration on this basis.
