- Mobility start date (From April 1, 2027 -):
- Mobility end date (3-8 weeks from start date):
- Type of activity (Research or Teaching, or Research and Teaching):
- Project title:
- Academic field:
- Discipline:

Mobility alignment with objectives of Faculty Mobility for Partnership Building program

- Briefly explain the alignment of the proposed teaching/research activities with the Canadian Institution's broader internationalization priorities (2500 characters) (https://www.mun.ca/international/global-connections--coil/projects-and-consultancies/)

- Does your Canadian academic institution currently have a formal or informal agreement or partnership (eg an MOU student exchange, research collaborations etc) with the proposed host institution? (See Destination: Learning Abroad | Go Abroad | Memorial University of Newfoundland for reference in answering this question. Please consult with Chris Hibbs (chibbs@mun.ca) for clarification if needed) Yes or No?

- If there are no existing formal or informal agreements of partnerships between your home and host institutions, describe how your proposed activities could lead to development of one. Specify the potential area(s) of collaboration (eg student exchange, joint research, curriculum development). (Max 2500 characters)
